2 IDENTITY = GROOVE, NOT MELODY

3 GOAL: CONTINUE, NOT RECREATE

sage solo → continue the real audio (Extend)

hell YEAH → recreate from a reference (Upload)

keep the snippet's percussion ending —
the continuation starts there

4 GUARDRAILS — keep in every take

- 1 tight four-on-the-floor kick
- 2 elastic, syncopated bass = the hook
- 3 woody congas/toms, snare rolls, hats
- 4 groove ⇔ percussion-only alternation
- 5 no headline lead melody
- 6 funky · hypnotic · playful · underground

traits = analysis estimate from the snippet, not the DAW project · losing 4 = generic tech-house
